

WELCOME ABOARD MIST COVE

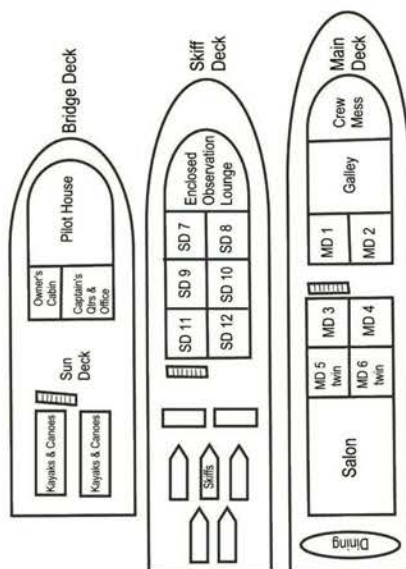

The Boat Company built the M/V Mist Cove as a replica to match M/V Liseron. Constructed from the ground up with heavy-duty aluminum and hand-selected mahogany, every curve of this vessel is designed for luxurious adventuring through Southeast Alaska.

Total Cabins: 12
 Passenger Capacity: 24

Length: 157 ft.
 Width: 33 ft.

An elegant dining room highlighted by the rich mahogany is aft on the fantail, which is heated and protected from the weather while offering stunning views during your mealtimes.

Mist Cove has 12 guest cabins – some with a queen lower and twin upper bunk and others with two twin bunks – comfortably accommodating 24 guests.

All cabins have private bath with stall shower, double wardrobe, several drawers, a screened picture window, and a screened door which may be latched open. Temperature controls, standard AC outlets, binoculars, flashlights, towels, linens, hair dryer, shampoo & conditioner are provided.
